

## “REGIONS OF JAPAN” – Who we are

The “REGIONS OF JAPAN” booth is organized by Screen Authority Sapporo (SAS) ; the official film commission to Sapporo City, Hokkaido.

We are a showcase from which you can discover the charms from various regions of Japan.

Each region has its own distinctive history, lifestyle and cuisine.

We bring together 30 companies from 9 regions; Sapporo, Niigata, Shizuoka, Kyoto, Shimonoseki, Kitakyushu, Fukuoka, Saga and Kumamoto.

The special feature of our booth is the diversity of regions and the cooperative work between public and private sectors.

Not only will you find TV programs, films and animations, but you will also meet future co-productions partners and gateways to local governing bodies. You are always welcome to the film commissions for local assistance.

We hope to bridge you and each region to contribute to local promotion and help energizing the community.

Please visit our booth if you are interested in our support activity.
