Small Traveler Season1

This program is not a reality show for the purpose of achieving the task.

This is a growth story of the real family. The theme of this season is the animal life and food.

This is a story about Two Small brothers (9-years-old boy and 4-years-old boy /10-years-old boy and 8-years -old boy) go travel with their father who is a cameraman.

We can travel with his point of view like his height and this is our childhood's world which is the selling point of the program.

Besides the famous sightseeing spots, new angle to see our country and delicious food, it can also remind us about some your touchable feelings of life that we've already forgot.

This is a dramatic, small cute travelers' story.
